SPRAY - EXTRACTION CLEANERS

**VACUUM, WASH AND DRY IN A SINGLE STEP
ANY TYPE OF TEXTILE SURFACE HAS NEVER BEEN
SO EASY THANKS TO THE COMPLETE RANGE
OF G&W SPRAY-EX CLEANERS!**

Ghibli & Wirbel, always looking for innovative products and solutions that can perfectly match the increasingly specific needs of cleaning operators, introduces its line of carpet cleaners, spray and extraction machines characterized by reliability, strength and ease of use. The well-known bestseller of the Classic Line range, M 26, perfected in terms of filling practicality, joins the Power Extra line which, radically renewed both in the models and in the technical functions, represents the ideal solution for any type of needs during daily cleaning of fabrics, rugs, carpets ...

CLASSIC LINE

M 26

M 26 is available in three versions (Ulka, Ceme and Auto Ceme) featuring the two-phase motors that marked Ghibli's success worldwide. The new solution tank, easy to fill and transport, makes M 26 even more ergonomic. Spray-extraction cleaner mounted on driving frame with stainless steel container, pump thermo-protection and separated pump control. The two-motors head, where each motor can be started separately, guarantees top reliability. The pumps ranging from 48 to 60 W, the air flow rate up to 4.25 l/min and still advanced technical features make M 26 ideal for all types of cleaning tasks.

M 26 | ULKA

The ULKA version is equipped with a powerful pump of 48 W, spray rate 1,1 l/min, spray pressure 7 bar.

M 26 | CEME

The CEME version is equipped with a powerful pump of 60 W, spray rate 4,25 l/min, spray pressure 6 bar.

M 26 | AUTO CEME

AUTO version (specific for automotive and carwash sector) is equipped only with hand nozzle and 6 m spray-ex hose Ø 40.

POWER EXTRA

The main element of the Power Extra spray-extraction cleaners is the quality of the product combined with extreme practicality and ease of use. On top of the best selling POWER EXTRA 7 - compact and able to clean all types of textiles - our range offers the new POWER EXTRA 11, 21 and 31 models.

Three models featuring high technical quality and ease of use thanks to the **VERTICAL DOUBLE-TANK SYSTEM** and the **SMART SOLUTION FILLING PORT**.

Each of the three models is available in two versions: one has been conceived for the Automotive sector, the second one ideal for any another cleaning task. Vacuuming, washing and drying any type of textile surface (with no interruption) has never been so easy! A distinctive feature of the new Power Extra Series is the perfect mix of solutions that work together to achieve the best cleaning results in any environment.

POWER EXTRA: THE POWER IN THE EXTRACTORS!

Ghibli & Wirbel spray-extraction cleaners are already well known for their high quality standards. The Power Extra line represents a further relevant improvement. The **POWER LINE VAC MOTOR HEADS**: maximum safety and excellent working results. **NEW PUMPS**: standard in all the models, even better performance compared to the past. Precise and efficient water flow dispensing in every working conditions. All the new models are equipped with a pressure switch, to ensure the maximum reliability and control in every kind of cleaning activity.

USER FRIENDLY

The new Power Extra range have been studied and developed specifically to guarantee to cleaning operators the maximum comfort and ease of use in their daily activities. Trolley with handle (standard on the bigger models): to simplify and speed up the operator movements on every kind of surface. Twin- tanks vertical system: high professional and maximum simplicity in the daily practice. Solution tank filling and recovery tank draining are now extremely easy! Both the operations can even be done almost simultaneously. Filling port large and robust: intuitive and immediate. Drain hose to easily empty the recovery tank. Higher reliability and safety, thanks to the pressure switch and to black nylon filter both standard in all new models (Power Extra 11, 21 and 31).

FILLING PORT

QUICK CONNECTION

CLEAN WATER LEVEL INDICATOR

SIMPLE AND FLEXIBLE SOLUTIONS

The new Power Extra models (Power Extra 11, 21, 31) are all available in two different versions:

- the "I" version, complete, equipped with all the main accessories needed for the daily cleaning tasks on every textile surface.
- the "I Auto" version, specific for Car Wash / Automotive segment, ideal to clean the cars interiors.

Each model can be even more customized thanks to a wide selection of optional accessories. The Power Extra 7 model also features the "P" version, characterized by the resistant polypropylene tank.

IDEAL FOR EVERY TYPE OF TEXTILE SURFACE

PRACTICAL AND EASY TO USE

POWER EXTRA 7

Compact model to clean, wash and dry every type of textile surface. Equipped with a powerful pump: 28 W, water spray rate 0,95 l/min, pressure 4 bar 7 liters solution tank capacity (removable solution tank). Separated pump control.

POWER EXTRA 7 P

The P version is characterized by the resistant polypropylene tank.

POWER EXTRA 7 I

The I version is equipped with stainless steel container.

POWER EXTRA 7 I AUTO

The I Auto version is equipped with spray-ex upholstery tool and above all a 6 m spray-ex hose (Ø 40) to clean without any effort the car interiors (even the less accessible areas).
